KNOW THE SUDDEN SIGNS OF STROKE

- Sudden numbness or weakness of the face, arm or leg (especially on one side of the body)
- Sudden confusion, trouble speaking or understanding speech
- Sudden trouble seeing in one or both eyes
- Sudden trouble walking, dizziness, loss of balance or coordination
- Sudden severe headache with no known cause
Stroke is a medical emergency. Getting treatment within 60 minutes can prevent disability. If you or someone you know is experiencing any of these symptoms, call 911 immediately.
